

Precision Labs Adjuvants

SYNC Fungicide Activator - the newest of performance enhancing adjuvants.

Sync is specially formulated to work with contacts, penetrants and systemic fungicides. 1 case treats 25 acres
12 X 1 pt case ID#: S 6503

Speed: Organo-Silicone Surfactant Speed is the best way to ensure penetration and coverage of insecticides. Speed also can be used to minimize dew and reduce topdressing pickup.

6 X 1 gallon case ID#: S 6121

Microyl: Crop oil replacement. All the benefits of a methylated seed oil with significantly less risk for phytotoxicity. Use ½ the rate of a standard MSO. Use with Drive.

6 X 1 Gallon case ID#: S 618420
2 X 2.5 gallon case ID#: S 618419

Chem-Stick: Spreader Sticker. Formulated specifically for Turf and Ornamental applications. This high quality low use rate product ensures thorough coverage and wash off resistance for herbicides, contact fungicides and insecticides.

6 X 1 gallon case ID#: S 6123

New Balance: pH Buffer with antifoam. Unlocks insecticide and fungicide performance by preventing alkaline hydrolysis. Maximizes spray solution longevity, reducing foam-up. **Minimum Purchase required.**

6 X 1 gallon case \$ 221.00 ID#: NS 6122

Super Signal Green: Concentrated Spray Pattern Indicator. Highly concentrated low use rate product dissipates quickly with sunlight or moisture. Green for low golfer awareness. *For Blue Spray Indicator Consider PROKoZ SPI-Max (S 6348).*

12 X 1 quart case \$378.00 ID#: S 6128

Signal EZ Solupack: Unique packaging eliminates staining during mixing and handling. Temporary color dissipates with sunlight and moisture. Each 2 oz. packet treats 50 Gal. 48 2 oz. packets per case.

BLUE: ID#: S 6126
GREEN: ID#: S 6127

Regreen: Dormant Turf Colorant. Nonphytotoxic colorant specifically formulated to impart a natural, long lasting color when applied to dormant and non-dormant turfgrass. Reduces desiccation when used as a late fall application.

2 X 2.5 gallon case ID#: X 6131

Knockdown: De-foamer/Anti-foamer. Prevents foam when added first to spray tank solution and knocks down existing foam. Highly concentrated formulation means fewer containers to handle and dispose.

12 X 1 quart case ID#: S 6120

Runway: Turf marking foam. Formulated and tested for Turfgrass use. Highly visible foam dissipates to less than 1% of original volume in less than 45 min.

12 X 1 quart case ID#: S 6130

Incide-Out: Liquid spray tank cleaner. Formulated to emulsify pesticide residues and bond them to rinse solution. Less likely to clog nozzles than granular tank cleaners.

12 X 1 quart case ID#: S 6124

Jet Black EZ Solupak: gives your pond a superior mirror and natural appearance and helps to limit algae growth
4(6 X 5.25 oz.) ID#: S 60185

Always read and follow label directions before use!
